Unifesto vs Google Forms

Google Forms is great. Until the fest.

What changes when you sell tickets, register teams and check people in.

01

Payment

Forms: a UPI ID and a screenshot to match by hand.

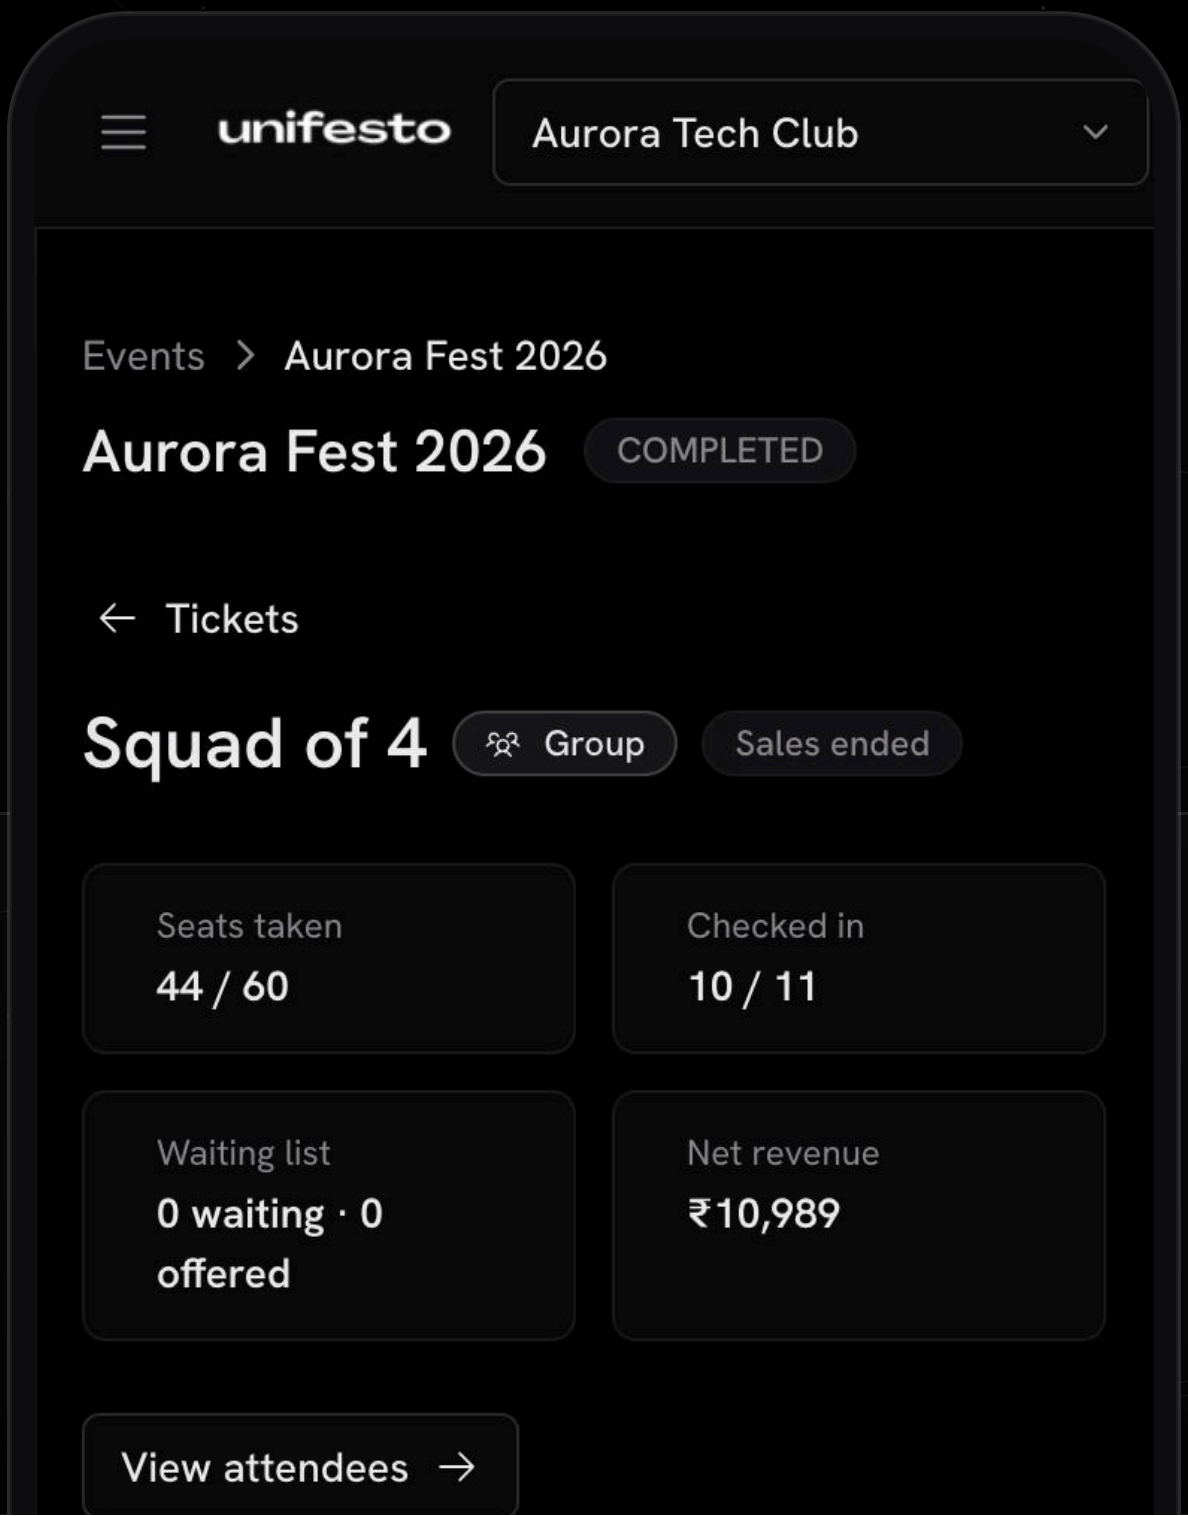

Unifesto: Razorpay at registration, paid out to your bank.

02

Teams

Forms: one response with four names typed in.

Unifesto: the lead buys a group ticket, each member claims a seat.

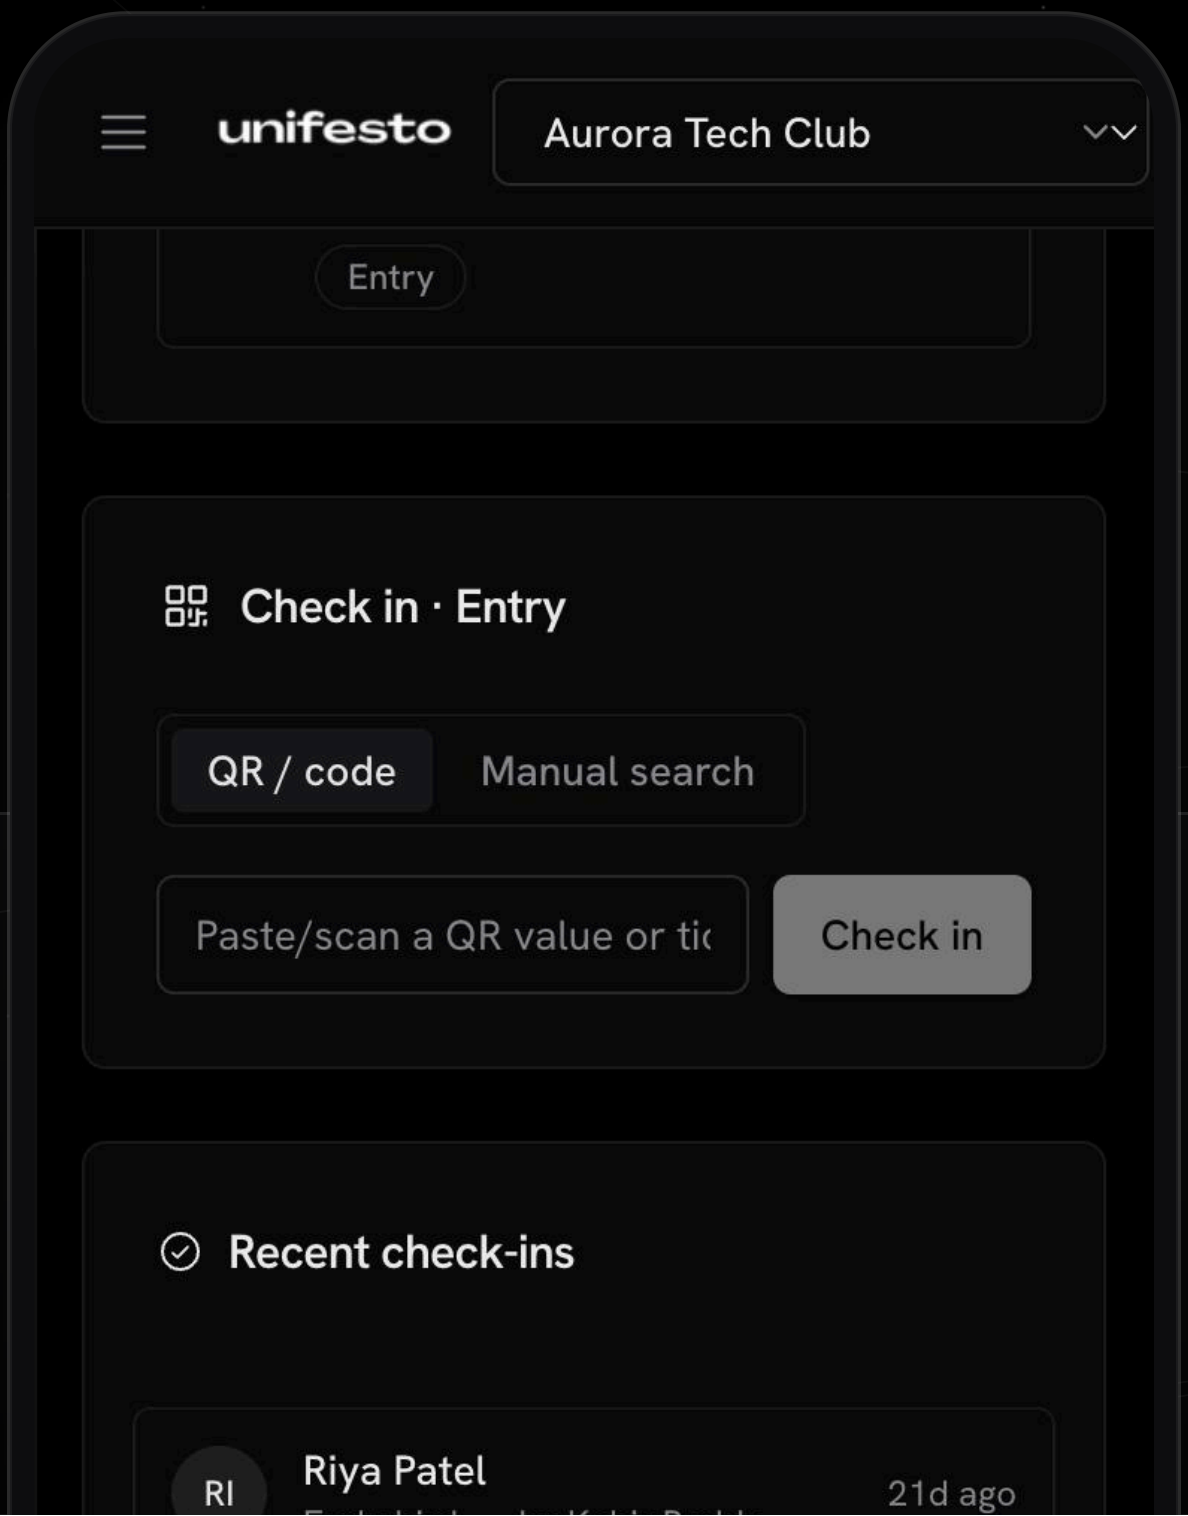

03

The gate

Forms: a printed sheet and a pen.

Unifesto: a QR pass per person, scanned from a phone.

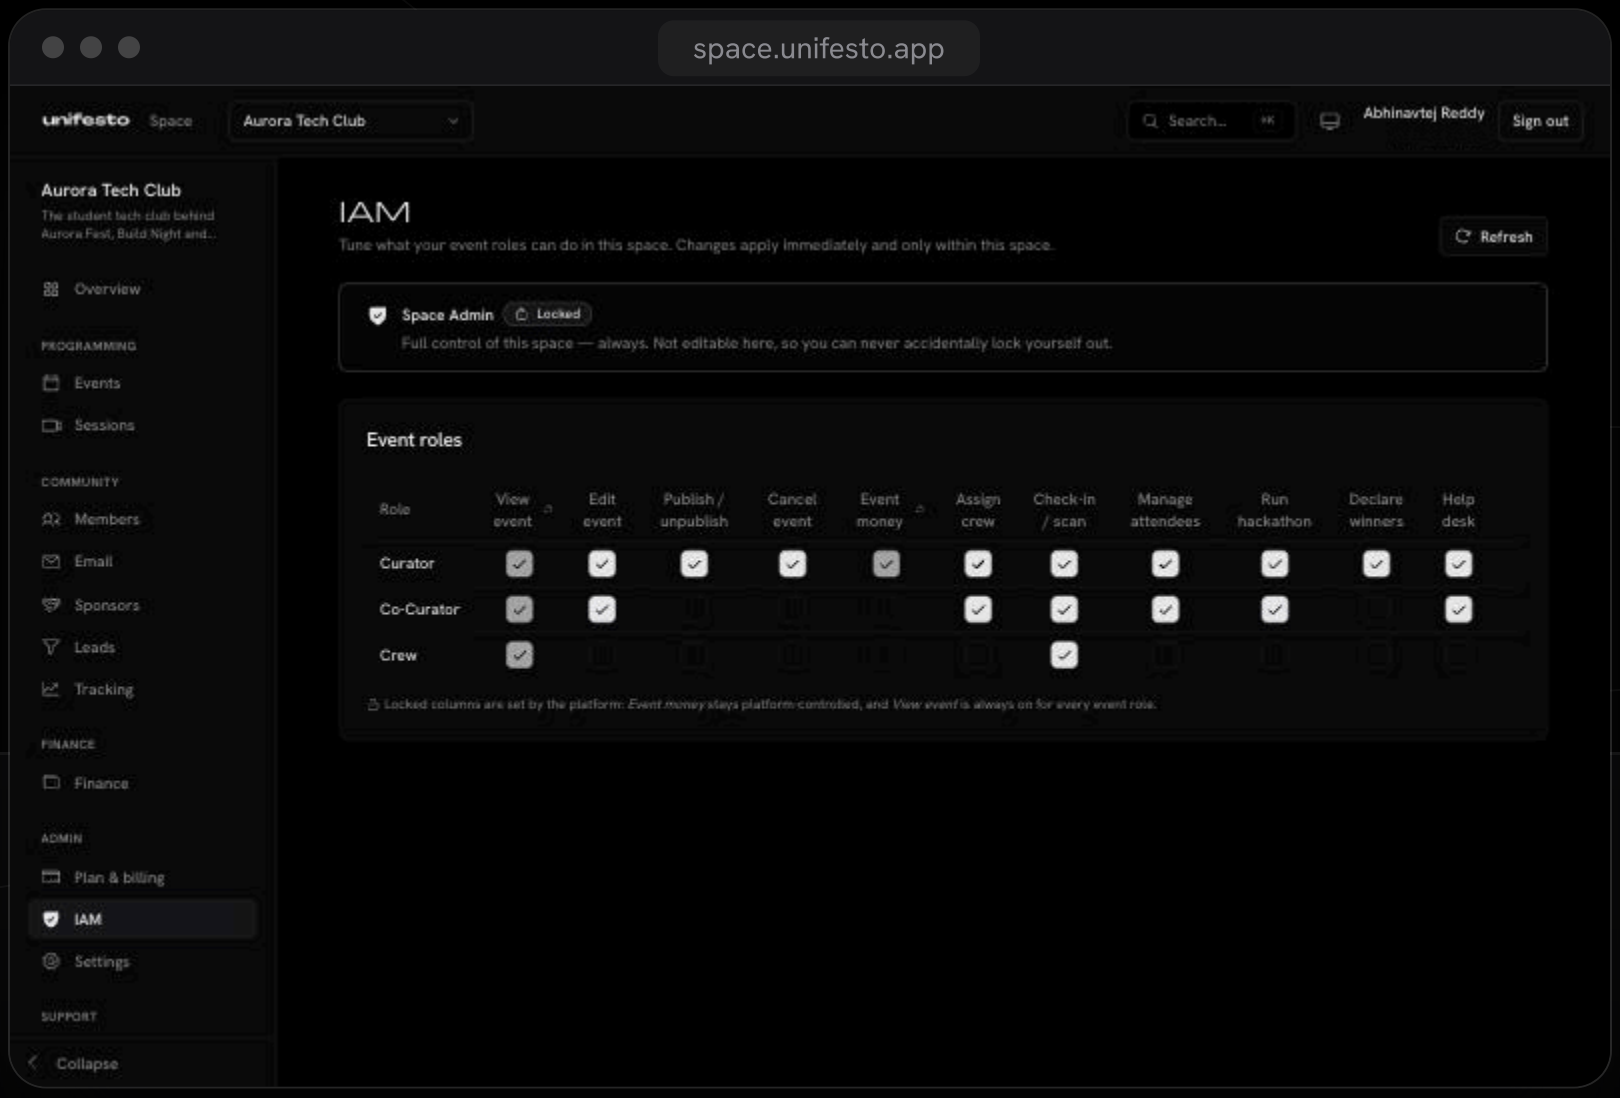

04

Your team

Forms: everyone with the sheet sees everything.

Unifesto: Curator, Co-Curator and Crew, each with their own access.

05

Where Google Forms wins

Free forever, no app to install, ready in two minutes. Use it for surveys, quizzes and small free events. We do too.

Running a paid fest? Try a Space.

Free RSVP events: no fees. Paid on Starter: 2.5% platform fee + 5% buyer processing fee. ₹500 ticket: buyer pays ₹525, you get ₹487.50 (as of 21 Oct 2026).
