Unifesto vs Google Forms

# Google Forms is great. Until the fest.

What changes when you sell tickets, register teams and check people in.

01

# Payment

Forms: a UPI ID and a screenshot to match by hand.

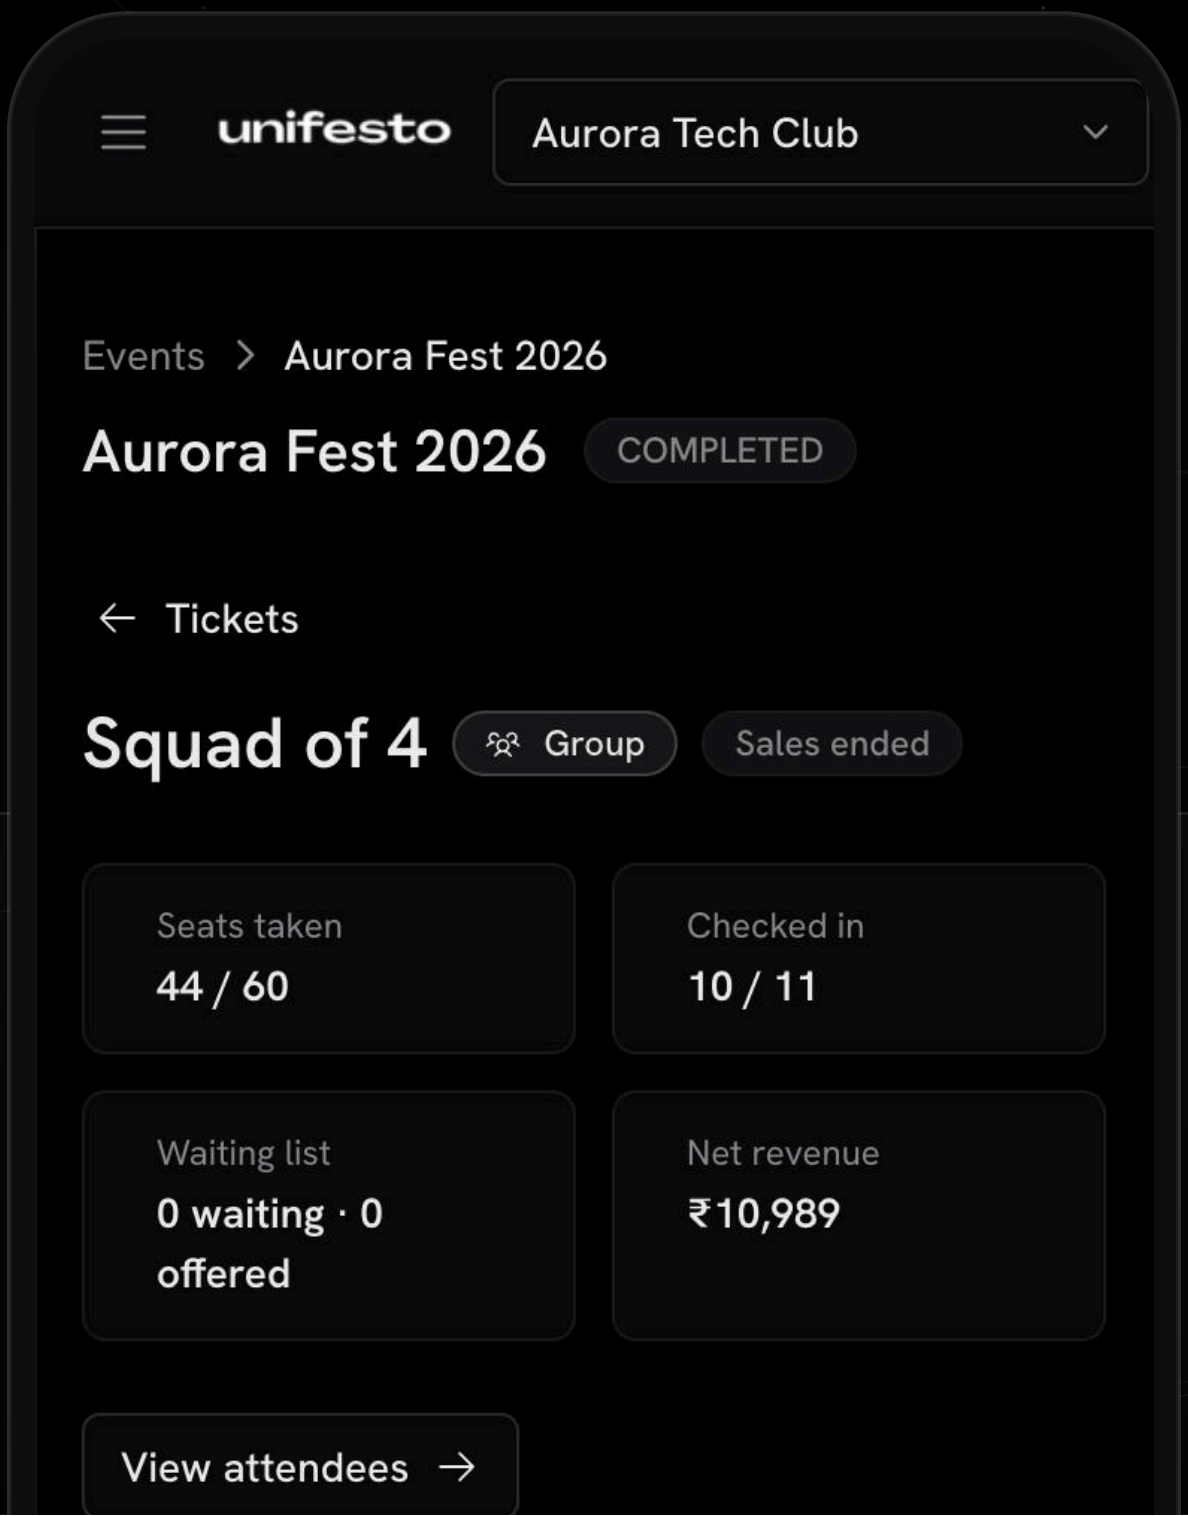

Unifesto: Razorpay at registration, paid out to your bank.

02

# Teams

Forms: one response with four names typed in.

Unifesto: the lead buys a group ticket, each member claims a seat.

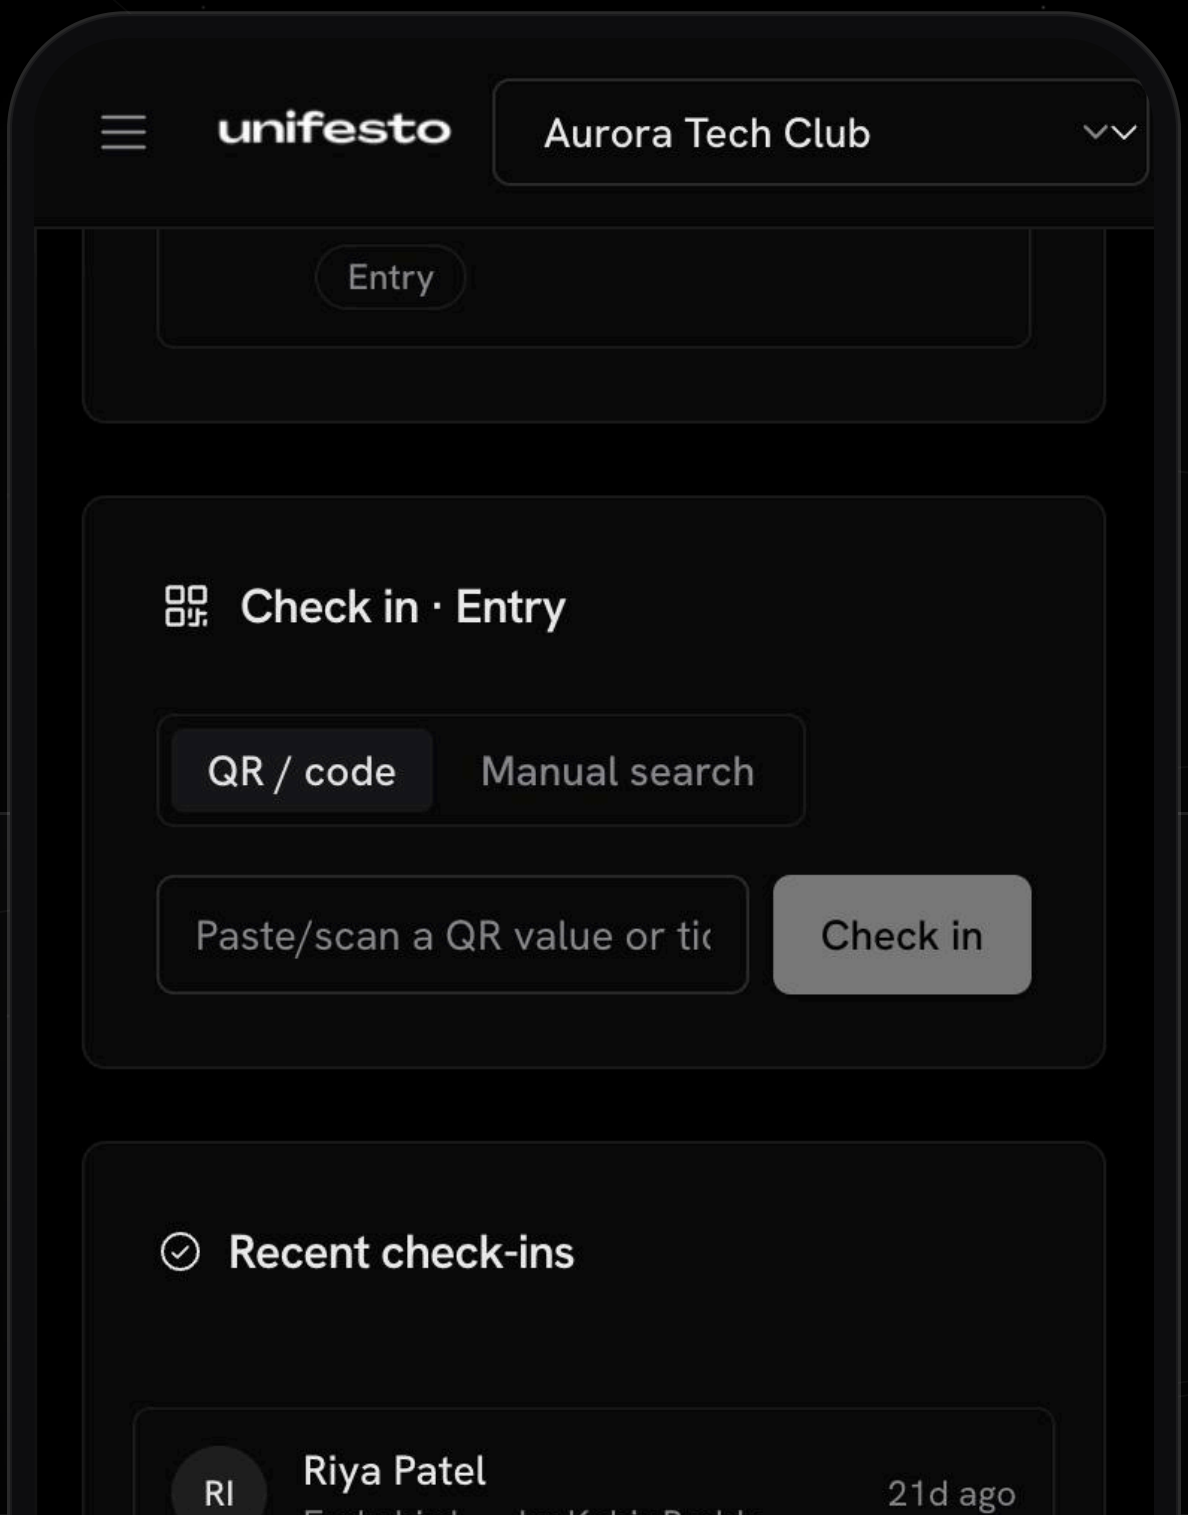

03

# The gate

Forms: a printed sheet and a pen.

Unifesto: a QR pass per person, scanned from a phone.

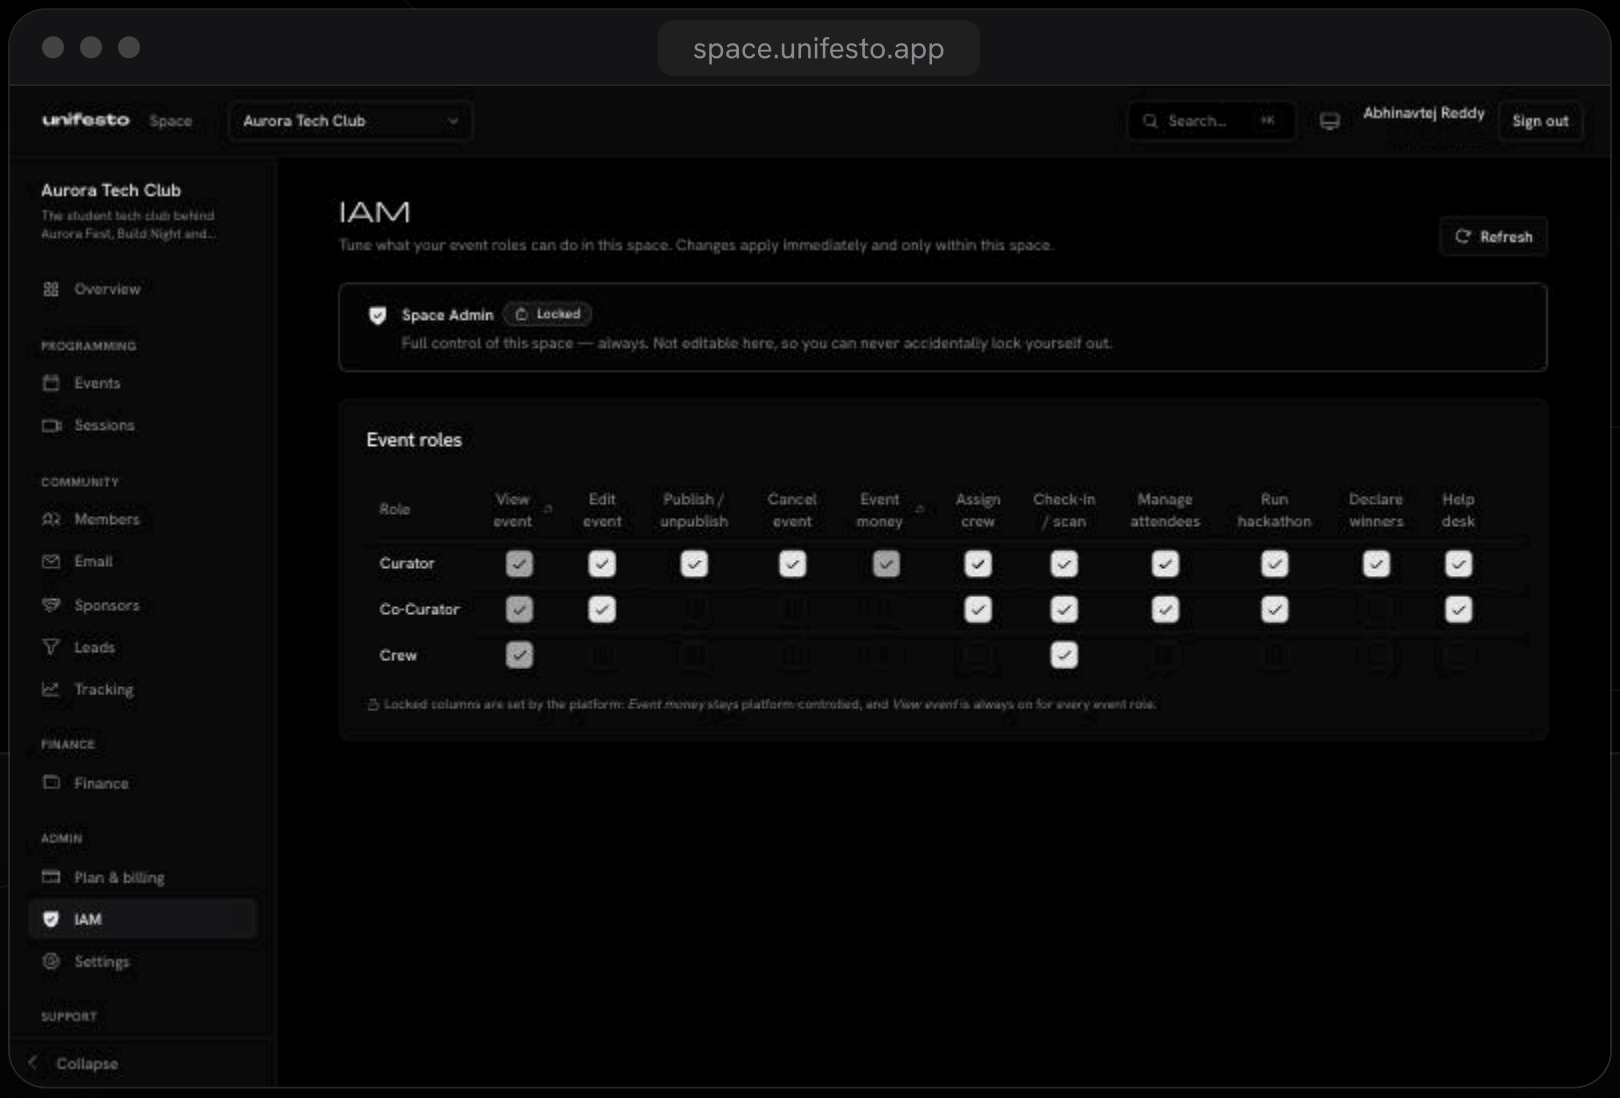

04

# Your team

Forms: everyone with the sheet sees everything.

Unifesto: Curator, Co-Curator and Crew, each with their own access.

05

# Where Google Forms wins

Free forever, no app to install, ready in two minutes. Use it for surveys, quizzes and small free events. We do too.

# Running a paid fest? Try a Space.

Free RSVP events: no fees. Paid tickets: buyer pays 5% (max ₹99). Your platform fee: 0% until 2 Nov 2026, then your plan's rate (unifesto.app/pricing). ₹500 ticket sold before 2 Nov: buyer pays ₹525, you get ₹500.
